All,

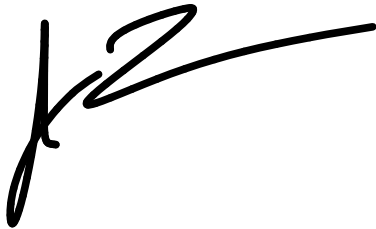

As a result of what I experienced at our January Board meeting, the lack of willingness to pause, reflect, and inventory before we continue to act, and the decision to forward a new chair to the 73rd General Service Conference, I am no longer able to serve this board.

I am unable to resolve within my heart the lack of notification, process or due diligence applied to deeply impactful decisions, and worse, the lack of willingness to apply a slower, more deliberative process to picking up the pieces of what we have done.

After gratefully serving these boards for the last ten years it is with a deep sadness that I must resign my duties, effective immediately, and request you remove my name from all slates put forward to the 73rd General Service Conference.
